NAZA TTDI Group's relocation to its new head office building Menara Naza TTDI in Section 13, Shah Alam marks the company's progress and expansion over the past 42 years.

Naza TTDI deputy executive chairman and group managing director SM Faliq SM Nasimuddin said this at the ceremony to officiate the new office building.

"We started by developing townships and eventually progressed to larger-scale developments such as KL Metropolis, Platinum Park and the recent TTDI Gateway in Shah Alam."

The group has relocated from its previous

office premises, also in Section 13, Shah Alam where it operated for more than 20 years.

Selangor Menteri Besar Azmin Ali, who attended the ceremony, said the Selangor government was pro-business and encouraged smart partnerships with the state government.

"I urge Naza TTDI to take on the role and responsibility to fund training programmes to equip youths with technical and professional skills so that Selangor can have highly-skilled manpower to fulfil the needs of the technology industry," he said.

The company expects to build a 204-unit low-cost apartment early September and its second phase of affordable houses in Kajang during the first quarter of next year as part of the Rumah Selangorku affordable housing programme.

Naza TTDI is currently developing three key projects in Selangor, namely the 81.17ha township of TTDI Alam Impian, the 45.7ha township of TTDI Grove Kajang and the 15.38ha RM2.5bil TTDI Gateway, its new business lifestyle hub in Shah Alam.

Menara Naza TTDI is a 20-storey office tower with a gross floor area of 306,000 sq ft and 250 parking bays.

Facilities include a gym, swimming pool and cafe.
